WINDFALL

Sunday, March 18 – 4:00 pm
Memorial Hall, Shelburne Falls, MA

Wind power . . . It's green . . . It's good . . . It reduces our dependency on foreign oil.

But does it? Or, is it merely a highly profitable financial scam for the many wind energy developers looking to erect industrial wind turbines in a town near you?

Laura Israel's documentary, *WINDFALL*, looks at both sides of wind energy development when the residents of a rural upstate New York town consider going green.
